Donald Glover (Childish Gambino) Shares Trailer for New FX Series “Atlanta”: Watch

Last year, FX ordered a new comedy series called "Atlanta," which is executive produced and written by Donald Glover (aka Childish Gambino). The series stars Glover as Earnest "Earn" Marks, a failed artist who returns to Atlanta only to discover that his cousin Paperboy (played by Brian Tyree Henry) is a hot local rap act. The show also stars Keith Stanfield, who played Snoop Dogg in the N.W.A. biopic *Straight Outta Compton*. Following a series of short promos, the show's first trailer has been released. Watch it below. The series premieres on September 6.
